# Who We Are

Since 1948, Heuser Hearing & Language Academy (formerly the Louisville Deaf Oral School) has empowered children with hearing loss and/or communication challenges to reach their full potential. Our goal is to give each child a strong foundation from which to build a promising future.

From birth to three, children receive services through our Parent Infant Program. Once they turn three, they enter the academy where they receive intensive speech-language therapy, vestibular therapy, art, music and dance.

Thanks to our generous sponsors like you, we have been recognized as a nationally acclaimed model preschool and kindergarten program. We help over 160 students reach their full potential each year.

**With your support, we can continue to give children in our community a sound beginning.**

# Sound Beginnings Breakfast

**On Wednesday, May 22, 2019**, Heuser Hearing & Language Academy will host the Sound Beginnings Breakfast, hosted by WAVE 3's Shannon Cogan. This event will attract close to 200 of Louisville's most engaged citizens. Join us to kick off our 2019-2020 annual giving campaign and learn more about our life-changing work for children who are deaf or hard of hearing in our community and their families.

**We are very excited to have Myah Meredith** as our keynote speaker at this year's breakfast. Myah was the youngest female to receive a cochlear implant in Kentucky at only 13 months old. She was homeschooled until ninth grade when she entered La Rue County High School. There she scored 34 on her ACT, with perfect scores on the reading and grammar sections. She graduated with honors and was salutatorian of the 2018 class. She is now a pre-veterinarian major at Eastern Kentucky University and hopes to attend veterinary school at Auburn University.

**Please consider sponsorship of the 2019 Sound Beginnings Breakfast.**
